## **Research of economic and trade cooperation between the province of Heilongjiang and Russia for the last ten years**

*The Chinese province of Heilongjiang historically is the largest border partner of the Russian Far East. At all stages of the Russian-Chinese cooperation its economy created prerequisites for the effective interregional interaction. In spite of the fact that volume characteristics of trade between the province and Russia significantly didn't increase within the last ten years, spheres and depth of cooperation objectively extend, new instruments and institutes of effective interaction are created.*
