### **Modern world in the valuable measurement: materials of the expert round table**

*The article contains materials of the expert round table “Spiritual and moral values in the modern Russia: traditions, innovations, broadcasting”, taking place on May 15, 2019 in Khabarovsk. The axiological perspective traditionally is one of the key Khabarovsk philosophers and sociologists and also representatives of the other areas of knowledge. Scientists-theologians, representatives of public organizations, representatives of the power structures of the territory were involved in the discussion. The taken place dialogue found need and timeliness of discussion of problems of spiritual production and consumption in the conditions of new economic, political, information realities.*

**Keywords:** *axiology, values, spiritual and moral development, education.*
